

Fire, Disaster Warning, Industrial Alarm Sirens and Military Base Systems

3T22 113dB Siren

The 113dB Model 3T22 siren, like the Thunderbolt Model 1003, is a dual-tone three-signal siren. The 3T22 produces a fire signal, an alert signal and an attack warning signal. Model 3T22 sirens require an RC6 motor starter and the Model AF timer. All mounting hardware is included. Please specify roof or pole mount.

2T22 113dB Siren

The Model 2T22 siren is similar to the 3T22 except that it only produces an alert and attack signal. It requires an RC5 or RC5W motor starter and an AR timer. All mounting hardware is included. Please specify roof or pole mount.
